Stack

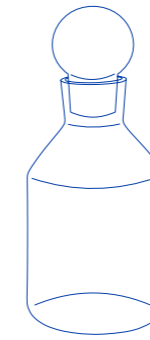

Product specifications

Stack lamps

Designer: Petr Hák
Material: powder coated aluminium / brass / copper coloured or natural ash wood
Colour: black / white / copper
Height: 315 mm
Diameter: S 200 mm / M 320 mm / L 480 mm
Weight: up to 3 kg

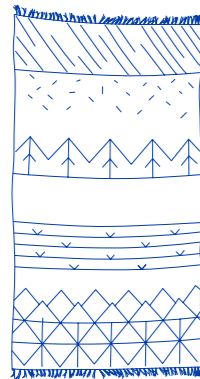

Lighting is a truly vital element in any interior, but choosing that light should be a fun task. The Stack collection is a three-part game for you, your interior, your light. Three materials, three sizes and countless options. Pick and choose any colourful textile cables sashaying into smooth wood, extending into geometric metal lampshades. All three materials are on show, yet with no visible mechanical joinery – quite the mystery. There you have it, soft light fills the room.

Gradient carafe

Designer: Markéta Držmíšková
Material: hand blown glass / cork
Colour: transparent / opal white / old rose / lavender / night blue
Height: 280 mm
Diameter: 125 mm
Weight: 1,2 kg

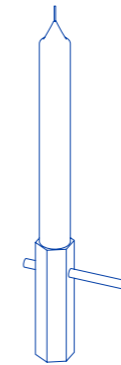

A gentle colour transition, tender and soft, has given rise to the Gradient glass bottle. The bottle, shaped by a Czech glassblower to be suitable for anything from milk to brandy, is topped with a round cork, looking as if it has rolled right out the palm of a woodcarver's hand. Where on the colour gradient will you stop?

Vandr rug

Designer: Durch Duo
Material: 100% wool
Colour: natural white / brown
Height: 1600 mm
Width: 800 mm
Weight: 1 kg

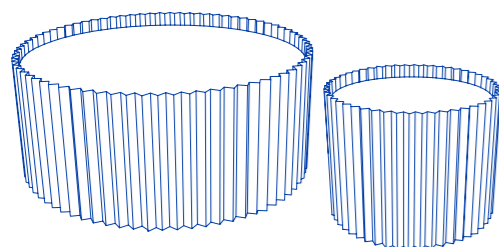

The warmth of home and wildness of nature meet in the hand-woven, hand-embroidered Vandr carpets. The Czech wool from both light and dark sheep come to symbolise the warmth of home. Motifs of rain, snow, forests, mountains, fields and stars, come close to you each morning when you step out from bed, touching the carpet. What a day! Get out into nature, go vandr-ing!

Hex candle holder

Designer: Studio Muck
Material: solid brass / nickel coated / black zinc coated
Colour: brass / chrome / black
Height: 100 mm
Width: 30 mm
Weight: 0,5 kg

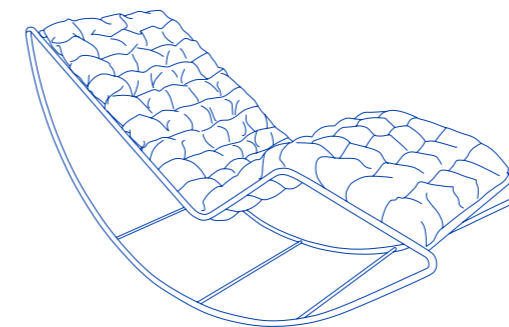

The Hex candlestick is inspired by the hexagon, its purity and absolute perfection, traditionally a dominant element of castles and chateaus. Light a match, watch the flame start wild and become calm. Wax melts and the stable brass hexagon begins to warm. Now you can take this holder and have a look what's happening down the end of your hall.

Ondule coffee table

Designer: Jan Plecháč & Henry Wielgus
Material: powder coated metal
Colour: black / light grey
Height: S 480 mm / L 380 mm
Diameter: S 600 mm / L 900 mm
Weight: 9–14 kg

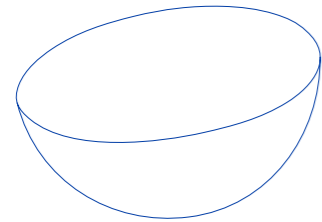

The driving force behind the Ondule collection was simplicity – not only in ease of transport, but also in the intuitive construction of the tables and easy-to-assemble components. To be done by anyone and entirely without tools. The individual parts will fit together as seamlessly as the finished piece will fit to your life. Guaranteed to be the crowning jewel and essence of any room. Whatever you need it to be, a coffee table, a night table, a side table. You name it.

Lefkada chaise lounge

Designer: Linda Vrňáková
Material: powder coated metal / chrome coated / leather / fabric
Colour construction: black / white / chrome
Colour upholstery: brown / black / light grey
Height: 980 mm
Length: 1900 mm
Width: 650 mm
Maximum load: 100 kg

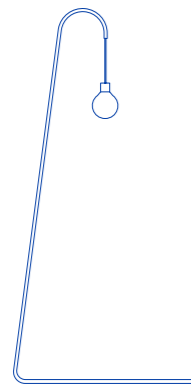

Turquoise seas, hot sands, olives, souvlaki and retsina... This is Lefkada. Deelive's Lefkada is a handcrafted rocking chair that can take you to these places with ease. Lefkada is designed for your comfort and soothes according to the proven rehabilitation method of "balling". Relaxing body and mind – are you on the beach already?

Balance bowl

Designer: Adéla Vodrážková
Material: powder coated metal
Colour: white / black
Height: 145 mm
Diameter: 290 mm
Weight: 1,5 kg

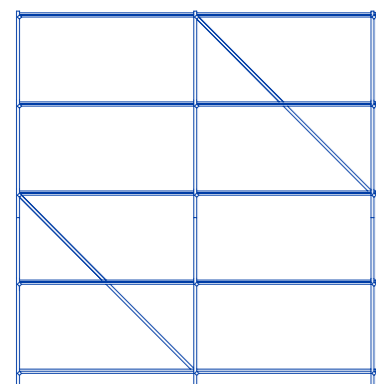

Balance is a beautiful feather-light object made of two hemispheres, looking as if about to topple – but never will. Vulnerable in its appearance, yet incredibly durable in its powdered finish. Everyone needs Balance in their life!

Gelampe lamp

Designer: Michaela Bogyiová
Material: powder coated metal
Colour: black
Height: 1900 mm
Diameter: 900 mm
Weight: 5 kg

The clean, lightweight and minimalist Gelampe lamp will prove to be great company wherever and whenever needed. A thin metal line cleverly conceals the cable, with a furry cushion at it's base, completing the overall cozy mood. All you need for the perfect reading-place. Thanks to it's simplicity, Gelampe is suitable for any interior, creating a homelike atmosphere anywhere.

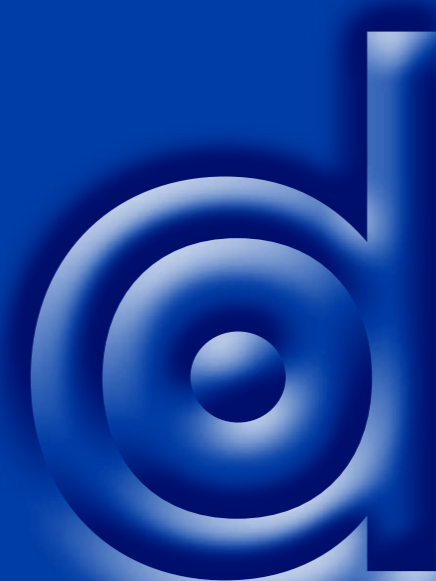

Sequence shelving system

Designer: Petr Hák
Material: powder coated metal / wood
Construction: black / white
Shelves: natural oak / black spruce / white spruce
Height: up to 1768 mm
Width: up to 1704 mm
Depth: 450 mm
Weight: up to 55 kg

Sequence is a collection of minimalist shelving system that plays with contrast, detail and mood. In an interior, it projects the quality of being both fragile and stable; the unit appears delicate yet strong, humble yet bold. Thin metal lines define its borders while warm wood shelves connect in thoughtful detail, enabling ease of transport and installation.

Designers

Michaela Bogyiová

Michaela was one of the most successful designers of the Design School Awards competition, 2015. Her lamp, Gelampe, has interested many with its quiet charm in a noisy, busy world.

Markéta Držmířková

Markéta studied Ceramics Design at the J. E. Purkyně University of Ústí nad Labem, where her final work, Obšitá, won the Dean's Award for best final work. Thanks to her distinctive style, sincerity, creativity and wit, she and her work have become to be easily recognisable. She has also won in the Czech Grand Design awards – Discovery of the year, 2015. In that same year, the Elle Deco International Design Award was presented to her for the Discovery of the Year, before going on to win the Best Prototype design prize for the Editors in Chief Awards, Designblok '15.

Durch Duo

Behind the brand Durch Duo are two textile designers, engaged in the design and production of interior textile accessories. They support local manufacturing and in their latest project, PASTVA, present hand-woven carpets made from Czech wool.

Petr Hák

Petr is devoted to interior and product design, with work focusing on detail and functionality. He loves to experiment with different materials, combining them into functional products. He is motivated by passion and obsession. For the shelving system Sequence, Petr was the recipient of numerous awards: Discovery of the Year, Czech Grand Design (2015); Furniture Talent of the Year, Elle Decor International Design Awards CZ (2015); Designblok '15 Editors in Chief Award for Best prototype.

Studio Muck

Studio Muck is the spontaneous project of three classmates from Prague's AAAD, working in the fields of interior and furniture design. The combination of their three personalities, three points of view, and three opinions, often leads to constant entertaining confrontations, creating new and unique ideas with incredible energy, pushing the studio to ever-higher levels.

Jan Plecháč & Henry Wielgus

Jan Plecháč and Henry Wielgus met during their studies at the AAAD in Prague. In 2012 they founded their studio and have since continuously produced works transcending the barriers of art, design and architecture. At present, Jan Plecháč & Henry Wielgus have been commissioned for internationally-renowned galleries and brands such as Rossana Orlandi, Mint shop, Luminaire, Lasvit, Cappellini and Menu.

Adéla Vodrážková

Adela works with interior design and architecture. While working she often tries to find products to fit logically in the projects. If she can't find them, she creates her own. She focuses on context, depth of the materials, spaces and peoples stories.

Linda Vrňáková

Linda is a Garments & Textile Design graduate from the Faculty of Art & Design at the J. E. Purkyně University of Ústí nad Labem. She enjoys inventing things with practical uses, helping to make people's lives more pleasant. She gives her own personal touch to each and every hand-made product created.
