DEELIVE IN PARIS!

Pop-up store - Maison et Objet 2019

Brand deelive represents the best cross-section of unique Czech designers, which brings together the best of the world of fashion, of design, household goods and glassware. All the products are carefully selected for uniqueness and consistency, high quality materials and perfect execution. During its development, the brand itself embarked to manufacture and production of unique custom pieces. And so today it boasts design pieces such as Gradient bottles, Sequence shelving system, Ondule coffee table, Hex candlestick and Bulb glasses and carafe. Within this year's theme of Maison et Objet 2019 "hybrid" Deelive brings pop-up installation focusing on contrast in size and color through the eyes of designers Deelive manages.
